12 December 1972

Dear Josh,

It was not until the end of our conversation last night that you mentioned coming to see us in the evening. Tried to call you back about this but could only get your number at the hospital.

This is what I wanted to tell you. We have a guest room with twin beds and a roll-away bed that can go in my study. Thus, if you would like to spend the night with us we would be delighted. We could then have an early breakfast and you drive to the desert. Such a possibility may not appeal to your son, when there is a possibility of sleeping in a camper, but be sure to consider this as one of your alternatives.

We live just east of Riverside and can be reached easily from the part of the freeway that is both 60 and 395 for a few miles.

11522 TULANE AVE.

LOW WHITE HOUSE BEHIND  
FENCE WITH IVY. PARK IN  
OUR DRIVE-WAY. GARAGE  
LIGHTS WILL BE ON
